## Our clients & the experience

Our clients know how important it is to hire a professional planner for their wedding as well as the coordination of their big day. They have a dream, a vision of their wedding that they want to realize with someone they can trust. We discuss their needs and ideas and give them the opportunity to decide for themselves how involved they want to be in the planning process. Together we will look at what their expectations are, what they and their guests should experience and what they should take away as a memory of this unique day. From the design, budget planning, the schedule, the to-do's - we work with transparency so that you know exactly what is going. The big advantage is, you will be able to enjoy the planning process as well as your wedding to the fullest!

"From the very first moment we got to know Anni, we knew that she was the one we needed for our dream wedding. And she did perfect. We simply could enjoy our wedding day with our family and friends. If you are looking for the best wedding planer in the Dominican Republic stop searching - choose Bodas&Mas and you won't be disappointed. "

## Philly & Brian, USA

"Anni was just a Life saver! Very professional and very consistent in what she does. Planning a destination wedding can be scary and stressful but in hiring Anni that took a good load off. We highly recommend Anni to anyone looking for the services she provides. Look no further, seriously! "

## Christina & Graham, England

"Anni and her team were nothing short of incredible! They were incredibly proactive and responded to all messages and queries almost immediately. We tried to arrange our wedding with 2 other companies in the DR, both of which ghosted us after only a couple of email exchanges. Anni really did give us the wedding of our dreams and went above and beyond to make our day perfect."

*Thank you for your  
time!*

We look forward to hearing  
back from you!
