SYMBOLIC CEREMONIES VOW RENEWAL

What is a symbolic wedding ceremony?

A symbolic wedding can be a romantic addition to your civil ceremony, as civil ceremonies happen to be very formal and short. A symbolic wedding is also a wonderful idea to renew your vows in an unforgettable way.

How long does a symbolic wedding ceremony take?

A symbolic wedding usually lasts between 20 - 30 minutes, it depends on how much the bride and groom reveal of their story, wishes and dreams. The more information and inputs we get, the more comprehensive and interesting the ceremony can be.

What is the procedure of a symbolic wedding ceremony?

Our wedding speeches are written especially for the bridal couple, i.e. they are very personal and based on their own love story as well as their wishes and dreams for the future. We work out our speeches together with "our" wedding couples by questionnaire, Skype or telephone.

Also, a variety of elements can

be included: such as ring change, vows, sand ceremony (at an extra cost), mottos, saying "I do" to each other once again in front of each other. We are very happy to implement your ideas. A symbolic wedding ceremony is usually structured like a "normal" wedding ceremony.

"Our personal wedding ceremony couldn't be more beautiful. It really was a dream day!"

- Vanessa & Michael

Experience with us a very personal wedding ceremony, based on your love story, mixed with a touch of humor. Thanks to our experience and professionalism you will be able to enjoy your big day stress-free. Bodas&Mas - your wedding & event planner in the Dominican Republic.
